

## Dirty Mind

Pepper

She sends me naked pictures and I don't even have to ask  
Came up in a Catholic school but now she in a different class  
Yeah I was goin' down but then she stopped me  
Said you got to pray before you eat  
I don't think they taught her that at mass

Dear lord, thank you, I love her  
But you're gonna wanna close your eyes  
When we're under the covers

She's a real good girl with a dirty mind  
And that's my favorite kind  
She wants my lovin' all the time  
And she's about to get it tonight (alright)  
She's a real good girl with a dirty mind  
And that's my favorite kind  
She wants my lovin' all the time  
She's a good girl with a dirty mind

Way, way all the way back, back to yesterday  
Took a trip to an Island for a holiday  
When the front desk girl saw I was alone  
She showed me to my room and dropped her chonie chones  
Be my naughty girl, dark Havana skin with the mocha flavor swirl  
Here's some new tricks, welcome to Cuba, vamanos papi, give me that b  
azooka

She's a real good girl with a dirty mind  
And that's my favorite kind  
She wants my lovin' all the time  
And she's about to get it tonight (alright)  
She's a real good girl with a dirty mind  
And that's my favorite kind  
She wants my lovin' all the time  
She's a good girl with a dirty mind

Dear lord, thank you I love her  
She's got a dirtier mind than me  
And that's why we're made for each other

She's a real good girl with a dirty mind  
And that's my favorite kind  
She wants my lovin' all the time  
And she's about to get it tonight (alright)  
She's a real good girl with a dirty mind  
And that's my favorite kind  
She wants my lovin' all the time  
She's a good girl with a dirty mind
