

# Get Me Ready

Pepper

Nothing worse than wasting time or the passion for tasting  
Who I'm with is never mine just someone I've been chasing  
Do you feel alive or stuck in animation?  
Is there more to life than just anticipation?

Seems I'm always waiting for you to  
Come and get me ready  
Come and get me ready  
Come and get me ready  
I can't wait no more

Send me a message right now  
That you might be feeling  
Gonna get it somehow is what I've been needing

Seems I'm always waiting for you to  
Come and get me ready  
Come and get me ready  
Come and get me ready  
I can't wait no more

Like I've been feeling  
Like I've been needing

Seems I'm always waiting for you to  
Come and get me ready  
Come and get me ready  
Come and get me ready  
I can't wait no more

Come and get me ready  
Come and get me ready  
Come and get me ready  
I can't wait no more

No more  
No more
