

Good Thing Going

Pepper

See that girl
She does something to my chemistry
And when I'm close, I'm sure
She raise my temperature by three degrees
Everyday, everyday
In every way she makes my motor purr
And I reciprocate, my life I dedicate to loving her

For we got a good thing goin'
A real good thing goin', yeah, that girl and me
And I don't have to ask
I know that it's gonna last eternally

Understanding
Whenever handing any of those alibis
For you know just what to do
Where you been so what's the use in
Telling lies

For we got a good thing goin'
A real good thing goin', yeah, that girl and me
Now we got it good, so let's get it on
Let's get it on, let's get it on
Oh yes

For we got a good thing goin'
A real good thing goin', yeah, that girl and me
And I don't have to ask
I know that it's gonna last eternally

Why you wanted us to be
Steady moving like the ocean breeze
Ain't no temporary other
Who would give the type of loving
That you've had for me
From your lips to your hips
Down to your toes
Each time I call yes I want you to know
Girl what you doing to me
My temperature is on the rise
In every way you hypnotize me
I know you can see

For we got a good thing goin'
A real good thing goin', yeah, that girl and me
And I don't have to ask
I know that it's gonna last eternally

For we got a good thing goin'
A real good thing goin', yeah, that girl and me
Now we got it good, so let's get it on
Let's get it on, let's get it on
Oh yes
