

Neighborhood

Pepper

Paint on my hands and my face and my shoes
I battle the sun all day up on the roof
Yeah my hands are really strong
I love the view but I hate the long (long long days)

The sun goes down I punch the clock
Me and the boys we take our walk

Cause it feels so good
In my neighborhood
With this mellow mood
All that's missing is you
Let me change your tune
With my attitude
Maybe a couple brews
All that's missing is you

A Spanish face with an Irish name
Saw you fight with your boyfriend, such a shame
You throw the darts, but I help you aim
Can't believe we both love Dave Mustaine

Well now you know I'm scared of planes
So glad you moved out here from Maine

Cause it feels so good
In my neighborhood
With this mellow mood
All that's missing is you
Let me change your tune
With my attitude
Maybe a couple brews
All that's missing is you

I know it's scary out here on your own
But I already told you that I'd walk you home
Oh I, I ain't afraid of the dark now baby
What's a guy supposed to do
When he's all the way up on the roof
But he's falling for you
Oh I, I think I'm ready to jump now baby

Cause it feels so good
In my neighborhood
With this mellow mood
All that's missing is you
Let me change your tune
With my attitude
Maybe a couple brews
All that's missing
All that's missing is you
You, you, you, you, you
You, you, you
All that's missing is you
All that's missing is you
You, you, you, you, you
You, you, you

All that's missing is you
