

# Waiting Room

Pepper

I am a patient boy  
I wait, I wait, I wait, I wait  
My time's like water down a drain  
Everybody's moving  
Everybody's moving  
Everybody's moving, moving, moving, moving  
Please don't leave me to remain  
In the waiting room

I don't want the news  
(I cannot use it)  
I don't read the news  
(I won't live by it)  
Sitting outside of town  
Everybody's always down  
(Tell me why)  
Because they can't get up  
(Ahhh... Come on and get up)  
(Come on and get up)

But I won't sit idly by  
(Ahhh...)  
I'm planning a big surprise  
I'm gonna fight  
For what I want to be  
And I won't make the same mistakes  
(Because I know)  
Because I know how much time that wastes  
(And function)  
Function is the key  
To the waiting room

I don't want the news  
(I cannot use it)  
I don't read the news  
(I won't live by it)  
Sitting outside of town  
Everybody's always down  
(Tell me why)  
Because they can't get up  
(Ahhh... Come on and get up)  
Up from the waiting room

Sitting in the waiting room  
(Ahhh...)  
Sitting in the waiting room  
(Ahhh...)  
Sitting in the waiting room  
(Ahhh...)  
Sitting in the waiting room  
(Tell me why)  
Because they can't get up
