

We Won't Run

Pepper

Who they try to catch, who they gonna threat
The world is burning down like a cigarette
We losing feeling call it thirty percocet
I be standing upon the ground so, you won't catch me running yet

Drive by, all we do is wonder why
Got them people with the badge shooting bullets to the sky
Dirty president, how is all the money spent
How is everything so lost up in an argument
I can't sleep, can't eat, I can't breath
Madness so we tryna take it carefully
Over million screaming that their finally done
But we ain't gonna run

We refuse to be what they wanted us to be
We are who we are that's the way it's gonna be
They don't want to see us move in unity
Take a look around, we got everything we need

Don't let them fool you or
Let them abuse you
Cuz we won't run away
Don't let them stop you no
Matter what they do cuz
We won't run
We won't run away

How can I, suffocate until I die
All the hatred in the eye, brings the devil from inside
As we stand, there's a gun up their hand
Telling us to back down, while we screaming fuck the man
We can't eat, can't sleep, we can't breath
So why would I have to do what you believe
Over a million screaming that their finally done
But we ain't gonna run

We refuse to be what they wanted us to be
We are who we are that's the way it's gonna be
They don't want to see us move in unity
Take a look around, we got everything we need

Don't let them fool you or
Let them abuse you cyz
We won't run
We won't run away
Don't let them stop you no
No matter what they do cuz
We won't run
We won't run away

We won't run
We won't run away
We won't run
We won't run away
We won't run
We won't run away
We won't run
We won't run

We won't run away

We won't run away
You won't catch me running yet
