

Name You Beautiful

Per Gessle

Oh I had a sense of doubt
I thought I was fallin' out
God, it felt so alone
But the right move in the dark
And a Saturday in the park
Made you the dynamo

Hey, it's got to be simple
A broken heart can never keep time

What you're doin' to me
What you're doin' to me
I have to spell incredible
I want to name you beautiful
Pretty hard to believe
It's pretty hard to believe
You make the worry minimal
Got to name you beautiful

Without a master plan
You're bound for the garbage can
Oh it's a hard nut to crack
On an ordinary day
You suddenly came my way
And I'm never lookin' back
Hey, you'd better believe it
A broken heart can never keep time

What you're doin' to me
What you're doin' to me
I have to spell impeccable
I want to name you beautiful
Pretty hard to believe
I'm gettin' stuck on repeat
You make the mini minimal
Got to name you beautiful
