

## Small Town Talk

Per Gessle

Tried not to hear them a side passed by  
Saying you were back alone this time  
Might be just small town talk  
Not quite vicious but still unkind  
Everyone here knows I was left behind  
More of this small town talk

Where did you heart go?  
Is it coming home?  
Where did you heart go?  
Did you save me, son?

Inside the shadows, around every turn  
I was scared to look and afraid to learn  
The truth of this small town talk  
Almost dreading the coast was clear  
Halfway hoping I would find you here  
You, not that small town talk

Where did your heart go?  
Is it coming home?  
Where did you heart go?  
Did you save me, son?
