

I don't care what people say-  
TV says it's gonna be that way  
(and I guess they oughta know)  
Make a man a boy,  
fish or fool  
Info Babe is gonna play it cool, oh my  
My home is on the moon  
home is on the moon.

I'm just passin thru this town-  
busted pier with a gang of clowns  
(I guess they like the view)  
and the sun comes up,  
an open can of beans  
I gotta say just what it means, I know  
My home is on the moon  
and any day now hope will come to me.

Born to cry when I oughta laugh-  
I'm shootin fish in a pearly bath  
(They think I'm keeping score)  
Sky is up  
the sea is glue  
I gotta a notion that will stick to you, mmmmm  
My home is on the moon  
and any day now hope will come to me.
