

# Highwaterville

Pere Ubu

Between Vegas  
and Los Angeles  
the world & his brother, too,  
they're down on their knees  
howlin at the moon.

Between Hell  
and Highwaterville  
somebody's calling something, sayin,  
You want,  
but you never will.

Between here  
and somewhere far  
there's a person you know  
floatin face down  
at the bottom of a jar.

Where you goin?
