

Mirror Man

Pere Ubu

Mirror
Mirror Man
eyes as about as wide as they can
Blue sand
river's gone black
Big sky
bought a pink cadillac
He's rolling
He's reelin!
How long will LONG be like?
Who will?
Cuz I know who won't!
Who lies to you?
(I know)

Mirror
Mirror Man
The naked truth
oh the face of the land!
He reads the mirror
He knocks it back
He sees the face of the refugee!
He's rolling
He's reelin!
How long will LONG be like?
Who will?
Cuz I know who won't!
Who lies to you?
I KNOW
that a man is like a mirror
and a man is like a need
The naked truth
or the faith of the land
The haunted heart of a refugee!

Mirror
Mirror Man
He's a ghost on the face of a neon land
"Bound to be like someone I know"
says the haunted heart to the narrow road
He's rolling
He's reelin!
How long will LONG be like?
Who will?
Cuz I know who won't!
Who waits for you?
(I know)
