

Can't Help Falling In Love

Perfume Genius

Wise men say
Only fools rush in
But I can't help falling in love with you
Shall I stay?
Would it be a sin?
If I can't help falling in love with you

Like a river flows surely to the sea

Darling, so it goes
Some things are meant to be
Take my hand, take my whole life, too
For I can't help falling in love with you
For I can't help falling in love with you
