

# Blood Eagle

Periphery

We come for war  
King of the north and norse  
With drums beating, screams repeating and the hammer force of Thor  
Surrender not enough  
The christian seed will sing amongst the soil of trees  
From the sea is the destroyer  
From the sea is the eagle drenched in blood  
Blood eagle is the destroyer  
Blood eagle will set the wicked free

Rip the body from the bone now  
Spread the heavens wings  
Show Valhalla glory and memory  
Let the christians sing  
Let 'em sing

Let out the roar  
Barbaric to the core  
A storm brewing  
All our doing for Odin's at the door  
The spoils are not enough  
We'll let 'em bleed  
The moon takes everyone tonight

The christians sing  
How they sing amongst the broken wings  
From the sea is the eagle drenched in blood  
A soul descending swiftly  
The burning stench of afterlife  
No rays from heaven  
Only high sun  
A soul descending swiftly  
The burning stench of afterlife  
No grace from heaven  
And no son  
Pleading to the sky once more  
Weeping for the self  
For the abandoned children of christ have been laid to waste on the shelf

Pour out the tide of valkyries  
The land is ours to claim  
No man or woman escape the fire  
Now they can sing  
NOW SING!  
The tide of valkyries

We come for war  
King of the north and norse  
With drums beating, screams repeating and the hammer force of Thor  
Surrender not enough  
We'll let 'em bleed  
The moon takes everyone tonight

We come for war
