

## Me

Perkele

I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
Living like everyone else

I get older don't care still a rebel in my heart  
Today tomorrow yesterday just want to be free  
I change don't care still not normalized by you  
Today, tomorrow I never will, just want to be me

I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
Living like everyone else

I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
Living like everyone else

I'm odd I don't care it's the way I prefer to be  
Today tomorrow since I was born just want to be free  
I'm strange I don't care it's not business it is my life  
Today tomorrow yesterday I will forever be me

I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
I don't care what you say  
This is my life this is my way  
Can't be happy living like everyone else  
Living like everyone else
