

Pure hate

Perkele

I can feel the anger, I can feel the pain
My heart beats faster and the battle is a fact

Take a look around, what do you see ...

The hate is running in my veins - It's time to fight
The hate is running in my veins - Get out of my sight
The hate is running in my veins - It's time to win
The hate is running in my veins - Let the struggle begin

I can feel the pressure, it's hard to take
My mind is rushing and something must be done

Take a look around, what do you see...

(2x)

The hate is running in my veins - It's time to fight
The hate is running in my veins - Get out of my sight
The hate is running in my veins - It's time to win
The hate is running in my veins - Let the struggle begin
