

# BROKEN LITTLE ORPHAN

Perry Blake

Twice in my life, I've been hurt  
Once by a man, then a girl  
I get as close as I can  
Take in my place amongst the also rans  
Like a broken little orphan  
Looking for home  
I'd cross any ocean  
Just to find some love  
Back in the land of the dead  
I felt a pulse, so I said  
Let's get f\*cked  
Hit the town  
I'll comb your hair, cover that frown  
Like a broken little orphan  
Looking for a home

I've crossed any ocean  
Just to find some love  
Like a broken little orphan  
Looking for a home  
Broken little orphan  
Like a broken little orphan  
I've crossed many oceans, Just to find someone  
Like a broken little orphan, I get as close as I can  
Like a broken little orphan  
I've crossed many oceans, Broken little orphan  
Looking for some love  
Broken little orphan
