

## Another Go Around

Perry Como

I wanna have another go around (another go around!)  
Another go around! (another go around!)  
At this old world, this good old world  
And when I do (and when I do!)  
I still will love no one but you  
'Coz you're the one who made my dreams come true!

I wanna have another go around (another go around!)  
Another go around!  
At this old life, this good old life  
And if you're there (if you are there!)  
I know I'll find you anywhere  
'Coz you and I have so much love to share!

These precious moments of love will never come again  
Let me hold you close 'til forever an' then

I wanna have another go around (another go around!)  
Another go around (another go around!)  
At lovin' you, my whole life through  
Oh stars above (oh stars above!)  
Please grant me what I'm dreamin' of  
Another go around with love!

These precious moments of love will never come again  
Let me hold you close 'til forever, forever, and ever, and then  
!

I wanna have another go around (another go around!)  
Another go around (another go around!)  
At lovin' you, my whole life through  
Oh stars above (oh stars above!)  
Please grant me what I'm dreamin' of  
Another go around (another go around, another go around!)  
With love!  
With love!
