## Walk Alone

## **Pertness**

Walk alone in the dark
I'm so lonely in this world
Fear and hate in my head
Destroying the dreams of a better life (murderer)

Creatures, creatures without any face

Fight against all the lies Fear to lose my last disguise Try to hide my worthless life There will be no escape (murderer)

Come and see, how they kill, in the dark Creatures, creatures, without any face

Crime and terror day and might
I'm so tired of this fight
No return back to life
Faceless creatures want my death (murderer)

Come and see, how they kill, in the dark Creatures, creatures, creatures, without any face Walk, walk, walk alone, walk, walk, walk alone Walk, walk, alone

Walk alone in the dark
I'm so lonely in this world
Walk alone in the dark
I'm so lonely in this world

See, how they kill, in the dark Creatures, creatures, without any face

Walk alone in the dark
I'm so lonely in this world
Fear and hate in my head
Destroying the dreams of a better life (murderer)
