

## Deificvs

## Pestilence

The Ancient Ones  
Devourers of the astral plane  
The chosen ones  
In nothingness they remain  
Their presence is felt  
Through aeons in time  
The devine scepter is held  
Feel the shivers down your spine

Older than the Annunaki  
Inventors of the all  
Eternal hunger consuming frantically  
Parasitical alien Cabal

The lonely emptiness  
The coldness of the void  
Disrupting readiness  
In search of the humanoid

There is no way of escaping this now  
This unholy void is  
Creeping onto your soul

Deificvs

Hallucinogens pushed into the consciousness

To deflect from the real pain  
Pumping the negative thoughts through the cells  
Cosmogenic blinding rays to drain, to drain the soul
