

# Electro Magnetic

## Pestilence

Intermolecular – forces between individual atoms  
Is where the all black roams as the negative phantoms  
Interactions – between these electrons with no remorse  
Manifestation – of the dark electromagnetic force

Within all Realms, of human nature  
The psychic vampire dwells, without a trace  
No seen evidence for this is set to failure  
To wipe out all genetics of the human race

Manipulating – forces on a sub molecular level  
Transforming you to become the next cloned (d)evil  
Floureshing now as they cherish the electric

Within all realms, of human nature  
The psychic vampire dwells, without a trace  
No seen evidence for this is set to failure  
To wipe out all genetics of the human race

Regerenerate into impure  
Now conjugate, this is obscure

The HADEON using one of the four fundamental force  
They are hypothetical life forms unproven to mankind  
Exobiology effects of extraterrestrial environments  
But they are hear, they exist and you are all blind

Within all realms, of human nature  
The psychic vampire dwells, without a trace  
No seen evidence for this is set to failure  
To wipe out all genetics of the human race

Regerenerate into impure  
Now conjugate, this is obscure
