

Sandcastle City

Pete Francis

The jungle gym is enormous here
It goes on for miles
The highways are on fire
I like to ride on it all day
I'm always only twenty minutes away

In sandcastle city
All you have to do is seem pretty
Drivin' around with my girl kitty
In sandcastle city

The sofa is enormous here
It goes on for miles
I like to lie on it all day
Stare out the window past the reservoir
Onto a golden caterpillar of cars

Sorry I'm losing you
I'm losing you, hold on

In sandcastle city
All you have to do is seem pretty
Drivin' around with my girl kitty
In sandcastle city

Light shakes in the reservoir
Moon lamps hang in kitchens
Here people hide in books of matches
Waiting to be struck

Up ahead
Green light
