Well you know my heart was a lonely boulevard  
Until you drove into my way  
Now the stars shine bright at night and the light shines in my  
day  
And you know I wouldn't be here if not for you

Well hey, it was an awful place that I got myself into  
But you took me and you showed me the way  
Now I'm safe from all my pain and the devil's work is due  
And you know I wouldn't be here if not for you

I thank every living day that I have spent with you  
Nothing sweeter, nothing bitter in my day  
And those lonely desperate days are long gone, that is true  
And you know I wouldn't be here if not for you

Yeah you know I wouldn't be here if not for you  
Yeah you know I wouldn't be here if not for you
