

Heartbeats

Pete Murray

Not a night goes by
That I don't lie and just think
I would get so high
Laugh and cry and just drink
When you smile at me
Was content to be as the world moved on by
And you touch my lips
With your fingertips and that look in your eyes

Oh, the wild wind's calling
Catch me now while I'm still falling
Raise me up and hold me steady
Am I too late for you?
Now my heartbeat's ready

Wish I could come to you
And borrow time back to make you stay
Regrets, I have a few
The day that I let you walk away

Oh, the wild wind's calling
Catch me now while I'm still falling
Raise me up and hold me steady
Am I too late for you?
Now my heartbeat's ready

All my hope to be as one
Is fading out as night takes the sun
All my hope to be as one
Is fading out as night takes the sun

Oh, the wild wind's calling
Catch me now while I'm still falling
Raise me up and hold me steady
Am I too late for you?
Now my heartbeat's ready

All my hope to be as one
Is fading out as night takes the sun
All my hope to be as one
Is fading out as night takes the sun
