

Only One

Pete Murray

So glad we made it
I've been holding so tight for so long
Yeah, my sugar mountain's faded
When you took my last breath I was gone

Ooh... you are the only one
Ooh... but then for me to come

Fought so hard to break it
Never had any doubts in my mind
And I'm bruised and broken and naked
And it was worth every inch of my life

Ooh... you are the only one (I gotta, getcha, put ya, inject ya
, into my heart now)
Ooh... but then for me to come (I gotta, take ya, hold ya, and
make ya, into my life now)
Easy time, losing all my love
Don't you know, you are always burning me up
Ooh... you are the only one

Ooh... you are the only one (I gotta, getcha, put ya, inject ya
, into my heart now)
Ooh... but then for me to come (I gotta, take ya, hold ya, and
make ya, into my life now)
Easy time, losing all my love
Don't you know, you are always burning me up
Ooh... you are the only one
You are the only one
You are the only one
