Hi's what I wanna say
But I'm shaking like a branch as you coming along my way
What if you know?
I panic myself if I cannot hide again

Would you come?
Follow me down if you knew there was nothing there
When you call
Tell me something now do I ever have to let you go

Oooohhh...
I'm high on your love and I wanna be there
When you call
I am sold, I am soul

Now my heart
Will take you to the top but you'll never be a rolling stone
On our way
We'll take life's pain and we'll turn it all into gold

Oooohhh...
I'm high on your love and I wanna be there
When you call
I am sold, I am soul
[x2]

Oooohhh...
I'm high on your love and I wanna be there
When you call
I am sold, I am soul
[x2]

I am sold
I am sold
I am sold
