Show Off

Pete Rock

From the showroom to the runway
Make a move, take my daughter out for a sundae
The sun ray beamin' my dull life to niggas that jealous
They get no light, I piss 'em off on spite
Home base, you still runnin' from outfield
How's bein' a louse feel
I'm corporate in the house that Ralph built
How chill, shorty don't talk with your mouth filled
Your boyfriend a loser, got a couch to couch deal
Remember, that nigga still old with a pack since December
Smokers club found a president and member
If you play with your nose get high for the Kendra
Flying with the work, put the bud up in the blender
Suppress the bags, dope boy diddy bop finessed the swag
Got a knack for the biz with a great mind
Free max, Lauren got Barack on the facetime

Fuckin show off, Fuckin show off
