

## Badman

Pete Yorn

I work at some bar and I take the truth home  
Those guys got nothing works of art  
Create my own problems  
Discuss 'em with people  
Had a good time goin' there last night

Here we go

I want you on top now, I want you on top

I sit at your table  
No it don't disturb me when you're sad  
Yeah, I feel so bad  
Would you like to make an order  
I can serve it up  
I celebrate for a little while  
Just a little while

I want you on top now, I want you on top  
I want you on top now, I want you on top

I love it that the t-shirts make you sad  
I love it that the t-shirts make you sad  
I love it that the t-shirts make you sad  
I love it when you talk behind me  
I love it 'cause I am a badman  
I love it 'cause I am a badman
