

## Stay Away

Pete Yorn

I wanted to stay away  
Telling you all, my friends  
I wanted to stay away  
Never could see this end  
I wanted to stay away

I wanted to stay away  
And never see what they call their own  
I wanted to stay away  
I wanted to rest here on my own  
I wanted to stay away

Another disguise  
In pictures of your family  
Seem so good to me  
And on this Fourth of July  
And all their names escaping me  
It's a fleeting feeling

When all the leaves fall away  
Leave you until the storm has ended  
Want you to stay away  
Till I find what it was I lost  
I wanted to stay away

I wanted to stay away  
(It's a fleeting feeling)  
I wanted to stay away  
I wanted to stay away  
(It's a fleeting feeling)  
I wanted to stay away
