

## If You Were Wondering

Peter Allen

If you were wondering  
Who I am, I am a man  
Just like any other man  
Unlike any other man

If you were wondering  
Who I was, I was a boy  
Let me guess, just like any other boy  
Starting out on some great mystery

On the road when I had no choice  
I waited out a century  
I took a load until I found my voice  
There's nothing wrong with being me

If you were wondering  
Who I love, I love you  
'Cause that's all I have to do  
'Cause I'm a man just like any other man  
Unlike any other man

'Cause I'm a man  
( 'Cause I'm a man)  
Just like any other man  
Unlike any other man
