

Dream a Little

Peter Andre

Oh honey, I've been dreaming
About a love like this
Oh sugar, let me touch you
Endless love I miss

Come hold me, let's dream together
Just you and I
About a fantasy land
We can enter girl
Just set it in your mind

I do love you girl
Don't you know
We're gonna do it like this, baby
I do want you girl
Can't you see
Give me your tender lips, oh my love

Oh sweetheart, to me you are a part
Of my soul, baby
I love you and so without you
I just feel helpless, girl

I do love you girl
Can't you see
Yes I do want you girl
I need your loving
Give me your tender lips, oh babe

I do love you girl
Can't you see
We're gonna do it like this, my baby
Yes I do want you girl
Don't you know it?
Give me your tender lips, oh baby
Give me your tender lips, yes girl
And dream a little girl, yes babe
DREAM A LITTLE GIRL, in your mind

Tonight...
