

## Fly Away

Peter Andre

I've fallen for you  
I see your face in everything I do  
And I can't let go  
Girl you know I never felt so in control  
And I don't care what people say  
(coz you and I are gonna make it)

I adore you  
if anyone should tell you different girl  
They just don't know  
Ain't nobody's business where we go  
That's why I can't wait for the day  
That you and I are gonna run away  
There's no reason left to stay  
Come on and

Fly away, fly away  
Fly away, fly away with me

Let me show you, all the places we could be  
Where we can just let go  
Imagine being where nobody even knows you  
And the way we spend our days  
Ain't never gonna be the same again

It's your decision if you should choose to  
come my way, let your feelings known  
I know like it seems a long, long way to go  
That's why we ain't got time to waste  
If we're ever gonna ease the pain  
And live to see a brighter day  
Come on and

Fly away, fly away  
Fly away, I don't care where we go  
Just as long as no one knows where we are
