

# Make Her Mine

Peter Andre

Well, well, oh well well woahh  
well well, well woahh

She got my attention and im on a mission  
ill put in the time she realise that im what is missing  
oh yeah she's the reason im stuck about leaving  
i see the pain in her eyes i cant say goodbye  
i know how i can fix this

im gonna take that frown and turn it upside down  
gonna make her smile gonna make her laugh again  
i spend my time with her  
spend on my cash on her and when i get done she'll be calling me baby

Before the sun goes down ill make her mine  
ill make her mine, ill make her mine  
she dont know it yet but she gonna be mine  
Before the sun goes down ill make her mine  
ill make her mine, ill make her mine  
she dont know it yet but she gonna be mine

shes all that i want and , cant run from this feeling  
if she can see into my heart she'll realise that i am for real  
i know shes been hurt by by those ex lovers  
but its only begun to show me the scars and il kiss it better

im gonna take that frown and turn it upside down  
gonna make her smile gonna make her laugh again  
i spend my time with her  
spend on my cash on her and when i get done she'll be calling me baby

Before the sun goes down ill make her mine  
ill make her mine, ill make her mine  
she dont know it yet but she gonna be mine  
Before the sun goes down ill make her mine  
ill make her mine, ill make her mine  
she dont know it yet but she gonna be mine

and soon she'll forget she ever had a broken heart  
ill make it if she falls to open up and trust again  
she may be old to him but she's brand new to me.  
im gonna give to her all my love

im gonna take that frown and turn it upside down  
gonna make her smile gonna make her laugh again  
i spend my time with her  
spend on my cash on her and when i get done she'll be calling me baby

Before the sun goes down ill make her mine  
ill make her mine, ill make her mine  
she dont know it yet but she gonna be mine  
Before the sun goes down ill make her mine  
ill make her mine, ill make her mine  
she dont know it yet but she gonna be mine

Before the sun goes down ill make her mine  
ill make her mine, ill make her mine

she dont know it yet but she gonna be mine  
Before the sun goes down ill make her mine  
ill make her mine, ill make her mine  
she dont know it yet but she gonna be mine
