

# What Is Love?

Peter Andre

It's the way you're nervous when you speak  
It's the way I know just what you mean  
It's the kind of thing that's bitter sweet  
It's the funny feeling deep inside  
So many different sides  
Still so easy to define

Coz you know that every time  
Not just in your mind  
You can feel the butterflies, sending chills down your spine

What is love  
but a kiss on a rainy day, a smile that won't go away  
A safe place to run  
What is love  
but a complicated simple truth, a bond between me and you  
The number one

All that's love

You do things that never crossed your mind  
Like you're doing all of the time  
Coz with someone special it's all right  
It's like dancing when you walk  
And singing when you talk  
And you're happy just to be alive

Live in the moment don't be sad  
Just let it go and take care  
You don't have to understand, the how, why and when

What is love  
but a kiss on a rainy day, a smile that won't go away  
A safe place to run  
What is love  
but a complicated simple truth, a bond between me and you  
The number one

So take off your hat and stay for a minute  
Love is a precious thing if you let it in  
You'll never know what you find till you give it  
Sometimes, sometimes, sometimes

What is love  
but a kiss on a rainy day, a smile that won't go away  
A safe place to run  
What is love  
but a complicated simple truth, a bond between me and you  
The number one

What is love  
but a kiss on a rainy day, a smile that won't go away  
A safe place to run  
What is love  
but a complicated simple truth, a bond between me and you  
The number one

I've been searching long yeah  
Let me sing it to you baby
