

# Heart Of A Girl

Peter Bradley Adams

The waiting is over  
There's a break in the weather  
And I will build my house again

My faith was broken  
But it wasn't for nothing  
And I will learn to walk again

Time won't wait  
Plans they come  
Scattered by the wind

Here I am  
And the day will come  
when I find my rest again

You showed me the heart of a girl  
And I wrapped you in ribbons and curls  
We lived in a handsome world  
We had it all

Don't ask where I'm going  
There's no way of knowing  
Anyway there's more to see

You made me a promise  
And you've known me the longest  
And I'll finally get some sleep

Time won't wait  
Plans they go  
Scattered by the wind

Here I am  
Day will come  
And I find my breath again

You showed me the heart of a girl  
And I wrapped you in ribbons in curls  
We lived in a handsome world  
We had it all...  
We had it all

You showed me the heart of a girl  
And I wrapped you in ribbons and curls  
We lived in a handsome world  
We had it all...
