One More Story

Peter Cetera

One more story Then it's time for bed One more fairy tale Then rest your weary head One more kiss, I'll turn out the lights Everything's gonna be all right I'll still be here when you wake up in the morning Close your eyes, say goodnight Go to sleep now You've had a busy day Hold me in your dreams I won't be far away One more kiss then I'll turn out the lights Everything's gonna be all right I'll still be here when you wake up in the morning Close your eyes, say goodnight

I can't believe just how fast you're growing I'm gonna cry when you're old enough To go and be on your own But until that very moment Everything's gonna be all right You'll still be here when I wake up in the morning Close your eyes, say goodnight Everything's gonna be all right
