## **Rule The World**

**Peter Cetera** 

There's a garden of hope In a town called faith And the state of Happiness Is not far away From the country of wants and the sea of needs I'll take you there with me

Someday when i rule the world Gonna stand by you Love you all i can You're beautiful The reason i believe Dont give up on me I'll make it wonderful When I rule the world

When I look into your eyes Oohh it just amazes me And the way I feel inside When your changing me Through the sweat and the tears Moving step by step I'll do anything for you

Someday when I...

High, High above it all In the sky you promised I choose to stand Stand by you I'll stand by you

Someday when I....

The reason I believe Oh don't give up on me I'll make it wonderful when I rule te World
