

Metropolis

Peter Cincotti

Higher than a dove
Metropolis
Nothing's above
Metropolis
Can't stop thinking of
Metropolis
Don't you love?
Metropolis

Modern cavemen fall out of bed
Rain drops from the street
Dirty pavement above my head
Clouds below my feet

Hungry hearts
Under fed
Hanging on
By a thread

Metropolis
City in the sky
Metropolis
Birds walk and people fly
Metropolis
High is low and low is high
Metropolis
Hello means goodbye

Metropolis
It's a floating town
Metropolis
Landscapers touch the ground
Metropolis
Go take a look around
Metropolis
There's a reason why it's upside down

Solar road sings and spiral lights
Subways to the moon
Children run after iron kites
Holding glass balloons

It's home
To you and me
Don't pretend
that you can't see

Metropolis
City in the sky
Metropolis
Birds walk and people fly
Metropolis
High is low and low is high
Metropolis
The truth is a lie

Metropolis

It's a floating town
Metropolis
Landscapeers touch the ground
Metropolis
Go take a look around
Metropolis
There's a reason why it's upside down

We believe
what is said
And we go
Where we're lead
'Cause the future's been shed
And the past lies ahead

Higher than a dove
Metropolis
Nothigh's above
Metropolis

Can't stop thinking of
Metropolis
Don't you love
Metropolis?

City in the sky
Birds walk and people fly
High is low and low is high
Confused? So am I
