

The Monster

Peter Doherty

I have no doubt that when I went out lad
That the monster saw me
Stand and deliver your woes
The monster implored me

Stand and deliver oh it felt so right
The Lord knows

More people think that, it's all slime and stink
That the monster's there for me
And I have no doubt that when I got out lad
The monster adores me

Stand and deliver it felt so right
The Lord knows

La vie est tendre, belle et violente
The monster assures me

Oh stand and deliver oh it felt so right
