

The Whole World Is Our Playground

Peter Doherty

I don't know, I don't know, I don't know
I don't know where to begin
This song I hide away
But I know that you know
And I know that you've been where I've been
It's healing me everyday
It's killing me everyday
Do you still bowl around after dark
Blowing your hope and your smoke in the rain
I lit a little fire off your chimney spark
And I knew then I would never see you naked again

The whole world is our playground
The whole world is our playground
Take the night by the hand
And set it on fire again

If I hear this song on the radio
I swear I'll go out of my mind
I try not to think about it all every minute or so
But they, they... sold you as a prize

The whole world is our playground
The whole cell is our playground
Take the night by the hand
And set it on fire again

The kitchen light is too bright
And the light in your mind is a sin
But I know that you know
And I know that you've seen what I've seen...
