

Back to Eden

Peter Frampton

I walk along the edge in innocence
I was in the past tense
Now I have to get it back

Days go by, and I rely on you
Whatever I do
I have to get it back

Finding my way back to Eden
Finding my way back to Eden
Finding my way back to Eden

It seems that everyone I see is lost
They don't know the cost
Of living without love

Every day I hear them say their lines
It's a sign of the times
I'm not living without love

Finding my way back to Eden
Finding my way back to Eden
Finding my way back to Eden

I can see, eventually, through you
You'll bring me through
You'll bring my love back

Days go by, and I rely on you
Whatever you do
You'll bring my love back

Finding my way back to Eden
Finding my way back to Eden
Finding my way back to Eden

Finding my way back to Eden
Finding my way back to Eden
Finding my way back to Eden

Finding my way back to Eden
Finding my way back to Eden
Finding my way back to Eden
