

Don't Think About Me

Peter Frampton

When you're talking
And he's walking out on you
Don't think about me
When you're hurting 'cause
He's deserting poor you
Don't think about me

Oh oh
Don't think about me

When you're aching and
Near the breaking point again
Don't think about me
You feel rocky but
Don't come knocking at my door
Don't think about me

Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me

I used to be the one all alone
I used to be the one waiting at home for you
Standing in the corner you're feeling down
Your little escapade turned around on you
Don't think about me

Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me

Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me

Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me

Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
Don't think about me
Oh oh
