

Doobie Wah

Peter Frampton

Whoo!
Do what everybody says is wrong
You can't believe nobody takes too long
Changing your mind, ooh, let me up
I can't believe that kind would drink my cup

Yeah, yeah

Take away what you can make today
Look, turn around
Put your hand in the lottery
Hey, what you found?

Take the place, you got another taste
Make it through
Carry on, won't do you wrong
It's something new

Icicles of blue serene
Inside your eyes
I came in the same way too, ooh, with you

Head in the sky
Let me breath
Don't want to make you cry
But I gotta leave

Take all you can, don't let it show
Walk away, you gotta pay
For all you know

Hang on to me
Put your hand in the lottery
You don't really need to be
Anything you don't want to be

Setting suns and thinking aloud
Speaking of you
I came in the same way too

Head in the sky
Let me breath
Don't want to make you cry
But I gotta leave

Take all you can
I understand
Don't let it show
Walk away but you gotta pay
For all you know

Yeah, yeah

Do what everybody says it wrong
I don't believe anybody takes too long
Changing your mind, let me up
I can't believe that kind would drink my cup
