

Mind over Matter

Peter Frampton

I'm walking down an endless track
But now I walk right back
I need to have you by my side
But when it gets so hard to breathe
That's when I gotta leave
Somehow I find my way to you
All I have is this dream
That fades away
All I need is there with you

It's like an endless dream
It's only mind over matter
It's all an endless dream
I wanna mind over you
Yeah, an endless dream
It's only mind over matter

I never let a day go by
When I don't wonder why
We stay the same it's just the
World that turns
I wanna hear you say
There's got to be a better way
Even now I see the light again
Loving you is the only thing I do
That makes it go away

I'm in an endless dream
It's only mind over matter
It's like an endless dream
I wanna mind over you
Yeah, an endless dream
It's only mind over matter

Well, it was getting dark
I pulled through the gate
I kicked down real hard
It wouldn't start - I was late
The road was covered in ice
I tried to wake up
I slipped further away
I was loosing the chance
It took years to say
Stay with me

It's like an endless dream
It's only mind over matter
It's like an endless dream
I wanna mind over you
Yeah, an endless dream
Yeah, mind over matter
It's all an endless dream
I wanna mind over you
Get out of my dream
Mind over matter
I'm in this endless dream
Mind over you

I can't wake up - I can't wake up
Mind over matter
It's an endless dream
Mind over you
