

# My Heart Goes Out to You

Peter Frampton

Lookin' in the mirror in the morning  
And the face I see today  
You got everything that you wanted  
You went and threw it all away

Is this forever?  
Is this forever? Yeah yeah

Oh, my heart goes out to you  
Yeah, my heart goes out to you  
Oh baby, all the things you do  
When the lights go down

You know that I believe what you told me  
That everything I touch would turn to gold  
Now I know that you can hurt me  
You're the one that slipped out in the cold

And it's forever (ever)  
Yes, it's forever and a day  
Yeah yeah

Oh, my heart goes out to you  
Yeah, my heart goes out to you  
Oh baby, all the things you do  
When the lights go down

When you're living in a dream world, it's  
Hard to see it, hard to fear  
If you wake up in a mine field, I know  
It will be all you'd wanna hear  
Shout it clear!

Oh yeah, my heart goes out to you  
Yeah, my heart goes out to you  
Oh baby, all the things you do  
When the lights go down

Yeah, my heart goes out to you  
Baby, all the things you do  
When the lights go down

Yeah, my heart goes out to you  
Yeah, my heart goes out to you  
Oh baby, all the things you do  
When the lights go down

(Yeah yeah)
