

No Going Back

Peter Frampton

Another day in this brave new world
Peace in my lifetime, or so I've been told
I tried to shout, couldn't make a sound
I saw my heroes falling to the ground

One moment posed at a time
And now another mountain to climb

There's no going back
I tell ya
It's time to move on, yeah
There's no going back
'Cuz yesterday's gone

Been out here searchin' for so long
So many victims of the same old song
It's time for learnin' and turnin' the page
Escape the sadness and the silent rage

I found my home, I found my name
Through all the sorrow, I feel the same

There's no going back
I tell ya
It's time to move on
There's no going back
'Cuz yesterday's gone

Where do we go from here
To get beyond the menace? Beyond the fear?
I'm callin' out for a better day
Keep on movin', there's no other way

I found my home, I found my name
Through all the sorrow, I feel the same

There's no going back
I tell ya
It's time to move on
There's no going back
'Cuz yesterday's gone, yeah

There's no going back
I tell ya
It's time to move on
There's no going back
'Cuz yesterday's gone

There's no going back
There's no going back
