

Waterfall

Peter Frampton

What a day, I'd like action replay
Won't you hand me the choc'late tray?
Turn around the film has unwound
Yeah, don't make a sound
Baby it's been so long

Walk away after stacking the hay
I'd like to invite you to lead me astray
Waterfall, down on me
Raining inside I'm weak in the knee
Baby it's been so long

And I can't sit still now
I was born standin' up
And I can't look back now
I'm still lookin'up

Tequila train come on numb my pain
It's salt and lime that sends you insane
Just a dream, ooh my lake and my stream
All so plain like a Waddington game
Baby it's been so long

I can't sit still now
I was born standin' up
I can't look back now
I'm still lookin'up

And I can't sit still now
I was born standin' up
And I can't look back now
I'm still lookin'up
