Where I Should Be

Peter Frampton

I rock you, baby When I pass your way I give you lovin' You know I can't stay

Leavin' town
Glad, I caught you now
Nobody follow me
I'll be back again

When I get home Can't wait to leave Back on the road That's where I should be

Oh, you think I'm crazy
I've been up too long
Give me two days off
I'll be back as strong
Hey, it's alright
Hey, it's alright

I have to play Every night and day

When I get home Can't wait to leave Back on the road Where I should be (Yeah)

As I think back to when Trouble times were then Now I'm starting again

When I get home Can't wait to leave Back on the road Where I should be (Yeah)

When I get home Can't wait to leave Back on the road Where I should be (Yeah)
