

Downside-Up

Peter Gabriel

I looked up at the tallest building
Felt it falling down
I could feel my balance shifting
Everything was moving around
These streets so fixed and solid
A shimmering haze
And everything that I relied on disappeared

Downside up, upside down
Take my weight from the ground
Falling deep in the sky
Slipping into the unknown
All the strangers look like family
All the family looks so strange
The only constant I am sure of
Is this accelerating rate of change

Downside up, upside down
Take my weight off the ground
Falling deep in the sky
Slipping into the unknown

I stand here
Watch you spinning
Until I am drawn in
A centripetal force
You pull me in

Pull me in
Pull me in
Pull me in
Pull me in
Pull me in
