

# I Have The Touch

Peter Gabriel

Intro: **C**

**C**

1. The time I like is the rush hour, 'cause I like the rush  
The pushing of the people, I like it all so much  
Such a mass of motion, do not know where it goes

**Caad9** **G** **C**  
I move with the movement and - I have the touch

2. I'm waiting for ignition, I'm looking for a spark  
Any chance collision and I light up in the dark  
There you stand before me, all that fur and all that hair

**Csus** **G** **C**  
Oh, do I dare - I have the touch

**F#** **C**

- R1: Only, only wanting contact

**F#** **C**  
I'm only, only wanting contact  
**F#** **C**  
I'm only, only wanting contact

**G** **Bm** **G**  
With you - shake those hands, shake those hands

**F#** **G**  
Give me the thing I understand  
**Bm** **G**  
Shake those hands, shake those hands  
**C**  
Shake hands, shake hands

3. Any social occasion, it's hello, how do you do  
All those introductions, I never miss my cue  
So before a question, so before a doubt

**Csus** **G** **C**  
My hand moves out and - I have the touch

R1: Only, only wanting contact...

**C** **G** **C**

- R2: Pull my chin, stroke my hair, scratch my nose, hug my knees

**F#** **A**  
Try drink, food, cigarette, tension will not ease  
**G** **C**  
I tap my fingers, fold my arms, breathe in deep, cross my legs  
**G** **A**  
Shrug my shoulders, stretch my back, but nothing seems to please

**G** **Bm**

- \*: I need contact  
I need contact  
Nothing seems to please  
I need contact  
I need contact  
I need contact
