

## Broken Promises

Peter & Gordon

Tonight you're leavin'  
And it's goodbye  
A fool in love's not smart  
How can I tell my heart that  
Broken words, broken promises  
Cause broken hearts?

I really love you  
And I still do  
Our love was make-believe  
And now I plainly see that  
Broken words, broken promises  
Cause broken hearts

Don't you remember  
Things we once said?  
Can't you forget him  
Take me back, baby, love me instead

You said you're sorry  
It has to end  
You put on quite a show  
And now I'm really know that  
Broken words, broken promises  
Cause broken hearts  
Broken words, broken promises  
Cause broken hearts
